

# Athena Supply List

## **Fabric Requirements:**

24 10" squares

2 yards of background (great contrast)

1-1/2 yards for outer border

## **Cutting Materials:**

- Stripology Squared ruler or Stripology XL ruler preferred. I will have rulers available to purchase. A 6" X 24" ruler can be used but is not as easy.
- 18" X 24" cutting mat is all that is needed, but larger is okay, too.
- Sharp blades and a rotary cutter. Ergonomic cutters are not as easy to fit into the Stripology Ruler slots.

The 10" squares can be selected from a Layer Cake but bring the full Layer Cake because I will teach you about which pieces to use. These 10" squares can be cut from a 1/3 yard of a specific colorway. 4 squares will be cut out at once. You need 24 squares, so six 1/3 yard pieces will cover it. Choose a mix of light, medium and dark fabrics.

You could go in with someone who likes your colors and use twelve 1/3 yards pieces, dividing the stacks of four in half with your buddy at the class. This is how I made kits with the red violet colorway. I will teach you to cut these in class! Just bring the fabric.

Thank you,
